Important Information

1. Only those candidates who are residents of Punjab or Union Territory of Chandigarh are eligible for seeking admission to all Undergraduate, Masters' and Diploma programmes except for MBA, M.Tech. (Remote Sensing & Geographic Information System) and self-supporting programmes for which admission will be made as per the following criteria:
 - For MBA and M.Tech. (Remote Sensing & Geographic Information System) 85% seats for state domicile candidates and 15% seats for candidates of other states.
 - In self-supporting programmes, 15% additional seats for candidates of other states.
2. Additional counselling for admission to UG degree programmes, if needed, may be held, on the basis of the PAU Entrance Test. After exhausting the CET list, vacant seats shall be offered on All-India basis by calling applications through online mode on the basis of merit of +2 marks subject to the eligibility. Information in this regard shall be uploaded on PAU website: www.pau.edu
3. The admission to Ph.D. programmes shall be on All-India basis.
4. Candidates should reach the venue mentioned in the Admit Card at 9.00 A.M. sharp on the day of the Entrance Test. Candidates shall not be allowed to enter the Examination Centre without Admit Card and original identity proof.
5. The candidates appearing in qualifying examination in the current year can also apply for admission. The eligibility of all the candidates and the original certificates/provisional degree certificate, notification of qualifying examination will be checked at the time of counselling/verification of documents only.
6. All the candidates are required to participate in the counselling/document verification/interview process as per schedule.
7. The candidates who do not participate in the counselling/ document verification/interview will not be considered for seat allotment.
8. The allotment of seat will be rank/merit wise, considering the choice/priority of programme filled up by the candidate while participating in the counselling/document verification. If the candidate does not participate in the 1st counselling, he/she can participate in the subsequent counselling as per counselling schedule.
9. All the newly admitted candidates are required to submit their original certificates/testimonials with the concerned Dean at the time of counselling/ document verification/ interview. All required affidavits/testimonials must be strictly according to the format given in the prospectus. The affidavits/testimonials in any other format will not be considered.
10. The seats left vacant in different disciplines of Masters'/Ph.D. programmes, where there is no waiting list, may be shifted to other disciplines within a particular faculty/college. The shifting of seats in different disciplines will be decided by a committee consisting of Dean Postgraduate Studies, Dean of the concerned faculty/College, Registrar and Controller of Examinations. The vacant seats will be shifted only to those disciplines where no candidate has been admitted against reserved categories from sportspersons and Kashmiri Migrants. The committee, after assessing the availability of required facilities, will shift not more than one seat to a particular discipline. The recommendation of the committee shall be put up to the Vice Chancellor for consideration/approval.
11. The Academic Council is the supreme academic authority to frame rules and regulations, increase/decrease in admission capacity and to decide all other matters related to admissions and academic affairs.

12. All the programmes of the University are full-time programmes. A student, therefore, cannot take admission in more than one programme simultaneously and also cannot take up any job.
13. The admission to all programmes of the University shall be made by the Registrar, who reserves the right to cancel the admission sought by misrepresentation/concealment of facts or admission made due to error/oversight etc.
14. The score on account of research credits/thesis evaluation/project work/final viva will not be added for calculating the percentage of marks for admission to Ph.D. programme.
15. Ph.D. admission will be made from the 2nd semester.
16. Date of Entrance Test/counselling/document verification/interview will not be ordinarily changed even if the University is closed on that day on any account. In case of change, it will be notified on PAU website: www.pau.edu .
17. At the time of selection, the Selection Committee shall also consider the past record of the candidate regarding his/her conduct as a student in the University or elsewhere. If it is known that candidate being considered for admission has been involved in acts of indiscipline in the hostels, in the college or in organising demonstration etc., the Selection Committee may refuse admission to such a candidate and the decision of the Selection Committee shall be final. Those who have been expelled/rusticated or debarred by this University or by other Universities shall not be admitted to this University. If any student conceals his/her involvement in such activities as above at the time of submission of application for admission and later on he/she is found to be involved in acts of indiscipline etc., his/her admission shall be cancelled.
18. If a student after registration fails to attend the classes without written permission of the Dean of the college concerned for consecutive seven working days during the spell of 12 calendar days commencing from the date of registration, his/her registration shall stand automatically cancelled and the seat vacated by him/her will be offered to the next candidate on the waiting list.
19. Students should be in formal dress while in campus. They should also wear prescribed lab coat in the laboratory, required protective gears in the field and track suits on the tracks/ grounds/ gymnasium.
20. If the number of admitted candidates is less than 30% of the admission capacity in any Self-supporting programme that programme will be suspended and the application fee will be refunded to the candidates.
21. The admission to all the programmes will be through the Entrance Tests except for M.Tech. (Remote Sensing & Geographic Information System), M.Tech. Artificial Intelligence & Data Science in Agriculture, M.Tech. Robotics and Automation, MCA, Certificate Course in Early Childhood Care & Education and Certificate Course in Interior Design & Decoration, PG Diploma in Robotics & Mechatronics in Agriculture.
22. No MET examination will be held if the number of applications are less than or equal to three in any of the Master's programme. If the students are admitted without MET, then the PAU Fellowship in case of such programmes will be awarded from the 2nd semester of the academic year on the basis of OCPA of the students.
23. All the students have to abide by the rules of the Punjab Agricultural University, Ludhiana.
24. Large number of fellowships/scholarships are available for meritorious undergraduate and postgraduate students.

CHAPTER I

An Introduction to Punjab Agricultural University

Punjab Agricultural University (PAU) was established on October 17, 1962. It was formally inaugurated by the then Prime Minister of India, Pandit Jawaharlal Nehru, on July 8, 1963. On trifurcation of Punjab State in November 1966, Haryana Agricultural University (HAU) was carved out of PAU by an Act of Parliament in February 1970. Later, HAU received its present nomenclature Chaudhary Charan Singh Haryana Agricultural University (CSSHAU), Hisar in 1991. Subsequently, Lala Lajpat Rai University of Veterinary and Animal Sciences, Hisar, was carved out of CSSHAU in 2010. In 2006, the College of Veterinary Science was upgraded to Guru Angad Dev Veterinary and Animal Sciences University (GADVASU) at Ludhiana. College of Agriculture, Palampur, established under the aegis of PAU, was transferred to Himachal Pradesh University in 1970, which later led to the establishment of Chaudhary Sarwan Kumar Himachal Pradesh Krishi Vishvavidyala (CSKHPKV), Palampur, in 1978. Later Dr Yashwant Singh Parmar University of Horticulture & Forestry, Solan, was carved out of CSKHPKV in 1985. Punjab Agricultural University rightly reserves the claim to be the vanguard of multiple State Agricultural Universities.

Modeled on the pattern of Land Grant Colleges

of the USA, the Punjab Agricultural University (PAU) is committed to impart teaching, research and extension education in agriculture and its allied fields. Its immense contribution in the overall growth in agriculture and in human resource development has given it the status of the prime engine of development in Punjab and one of the best Agricultural Universities in Asia.

The University is a focal point of several new scientific discoveries and innovations which have triggered rapid agricultural transformation in the country. It is proud of its alumni who have contributed in improving the agricultural production and have enabled a relatively small state of Punjab with only 4.2 million hectare cultivated area to contribute 35-70 per cent wheat and 25-45 per cent rice towards central food reserves of the country. This is a consequence of path-breaking research at PAU backed by world-class teaching, and extension services provided at the door-step of farmers, and the continuous Government policy support. Since inception, the University has developed/recommended 974 varieties/hybrids of different crops out of which 254 varieties have also been released at national level. The varieties developed by Punjab Agricultural University became popular not only in Punjab but also in other

states. These include, “HB 1”, world’s first grain pearl millet hybrid, ‘Paras’ the first single cross hybrid of maize, ‘PGSH 51’ the first hybrid of gobhi sarson in India, first hybrid muskmelon (Punjab hybrid) in India, first biofortified (high grain zinc) wheat variety (PBW1 Zn) in India, first public sector Bt cotton variety (PAU Bt 1) in India, first canola quality raya hybrid (RCH1) in the country, first canola gobhi sarson (GSC 6) variety in India, first hull-less seeded pumpkin (PAU magaz kadoo 1) in India. PAU is the first State Agricultural University to develop four potato varieties through its in-house breeding programme. The varieties of wheat, rice, maize and chickpea developed by PAU were put under commercial cultivation in other countries too. In horticulture, development of improved varieties / hybrids of vegetables, new introduction of fruits, production of healthy nursery and improved cultivation led to significant increase in their area and production. Kinnow occupies the first position among fruits in the State. Recently released less seeded variety of Kinnow, namely, PAU Kinnow-1 is more suitable for processing. The Soil Reclamation Technology developed by the University helped reclaiming 6 lac ha of salt affected soils in the State. Recent efforts on conservation of agriculture have led to the development of micro-irrigation and fertigation regimes in field and horticultural crops, laser land leveling, PAU Super Straw Management System, Happy Seeder, Smart Seeder, PAU Straw Cutter-cum-Spreader technologies and agronomic practices under residue retention in fields. Biofertilizers (Consortium inoculants) have been recommended for 17 crops for enhancing yield and improving soil health. Technology development has also focussed on nutrition through variety development and processing intervention. Research in agricultural engineering led to the emergence of Punjab as a hub of farm machinery manufacturing and mechanization. 45% of the agricultural machinery recommended by ICAR at National Level has been developed at PAU.

In recognition of these outstanding achievements in agricultural research, education and effective transfer of technology, PAU was the first to win the ‘ICAR Best Institution Award’ in 1995 and again got ‘Sardar Patel outstanding ICAR Institution Award’ in 2017.

PAU has been accredited with overall A+ grade by ICAR for five years (2024-2029). PAU has been adjudged the 3rd Best Agricultural University among Agriculture and allied sector from last three consecutive years 2023 and 2024 & 2025 by NIRF.

PAU was ranked 1st among all Agricultural Institutes of the country by Society of Genetics and Plant Breeding for development of landmark varieties in 2017. It was also ranked 1st by Confederation of Indian Industries-Indian Citation Index (CII-ICI) among all State Universities (including agricultural and non-agricultural universities) of the country with respect to total number of publications and total number of citations.

Mission

- Excellence in teaching, research and extension.
- Developing quality human resource.
- Undertaking basic, applied and adaptive research.
- Developing and promoting appropriate technologies for supporting agro-based industries for enhancing farm income and generating self-employment opportunities for the youth.
- Developing effective mechanism to transfer knowledge, skills and technology to farmers and agricultural organizations through extension services.
- Improving socio-economic conditions of the farming community through cost-effective technologies.
- Seeking appropriate solutions to emerging problems and challenges.

CHAPTER II

Awards and Honours bestowed upon PAU

A Legacy of Excellence

For over six decades, Punjab Agricultural University has played a transformative role in strengthening India's agricultural research, education and extension systems. The University has produced distinguished alumni, scientists and professionals whose contributions have earned recognition at national and international levels.

PAU scholars and alumni have received some of the most prestigious honours in science and public life, including the World Food Prize, Shanti Swarup Bhatnagar Award, Rafi Ahmed Kidwai Award, Om Prakash Bhasin Award and national civilian awards such as the Padma Bhushan and Padma Shri.

The University's faculty have also been recognised with several distinguished fellowships, including NAAS Fellowships, Fellow of the National Academy of Sciences (FNASc), Fellow of the Indian National Science Academy (FNA), Fulbright Fellowships, DAAD Fellowships, Humboldt Fellowships and Commonwealth Academic Staff Scholarships. These recognitions reflect PAU's enduring commitment to advancing agricultural science, strengthening food security and serving farming communities.

Academic Rankings (NIRF 2025)

- Ranked No. 1 among State Agricultural Universities (SAUs) in NIRF for the third consecutive year, including the latest cycle.

IIRF 2025

- Ranked No. 1 among SAUs and No. 2 nationally in IIRF 2025.

EduRank (Global Visibility)

- Featured in EduRank Top 100 global agricultural institutions, ranked 93rd in Agricultural Sciences and noted as the only Indian SAU included in the list.

IIRF Education Impact Award 2026

- Conferred the IIRF Education Impact Award 2026 at the 8th Industry–Academia Conclave, New Delhi, for education mentoring and experiential learning frameworks, including RAWE/ELP/Agri-Diksha, mentoring culture and extension-linked pedagogy.

Extension Excellence Recognition

- PAU's Directorate of Extension Education was conferred the Best Directorate of Extension

Education (Zone-1) Rolling Trophy (CHAL VAIJAYANTI) by ICAR-ATARI Zone-1 during the Annual Zonal Workshop of KVKS-2025.

Previous NIRF & Accreditation Credentials

NIRF (2025) – NBA, Ministry of Education, Govt. of India

- 1st among all SAUs
- 3rd in Agricultural & Allied Sectors
- 28th in State Public Universities
- 64th in Universities
- 81st in Overall Category

National Agricultural Education Accreditation Board (NAEAB) (Effective April 2024)

- Awarded A+ grade with an overall score of 3.59/4.00
- Accredited for 5 years by the National Agricultural Education Accreditation Board (NAEAB)

NIRF-2023 (NBA, MoE, GOI)

- Adjudged Best State Agricultural University and 3rd Best among Agricultural Universities and Institutes

NIRF 2017

- PAU figured among the Top 100 institutes in India in NIRF 2017 (MHRD, GOI, New Delhi) and was ranked:
- 1st in Universities of Punjab
- 2nd in Agricultural Universities of India
- 3rd among Agricultural Institutions
- 24th among Universities
- 40th among all Educational Institutions

National Recognition for Excellence & Institutional Leadership

- Recognised as an Institution of Excellence in Agriculture under the Institute of Eminence Scheme, Empowered Expert Committee of MHRD/UGC (2018)
- Sardar Patel Outstanding ICAR Institution Award (2012–2017) (first received in 1995)
- Best State Agricultural University & 2nd Best among Agricultural Universities and Institutes — ICAR (2019)

- Best State Agricultural University & 3rd Best Research Institute — ICAR (2017)
- Certificate of Award from NAHEP (ICAR) for “Green and Clean Campus” (2020–21)
- Best Award for Excellence in Agri-Food Business Incubators — Agri Food India Awards (2021)
- Agriculture Leadership Award (2015)

Fellowships, Major Grants & Landmark Distinctions

- 54 Prime Minister Fellowships (till date) in addition to 13 in the year 2025.
- Received a ₹40-crore capital grant (second consecutive year) for strengthening infrastructure and research–teaching–extension programmes (2025)
- Received a Special Grant of ₹100 crore by the Government of India (2006)
- First University to receive a grant as large as ₹100 crore for Basic and Strategic Research in Agriculture

Iconic Awards & “First SAU” National/International Honours

- Dr Praveen Chhuneja, Principal Molecular Geneticist, appointed as the ICAR–Norman Borlaug Chair under the ICAR National Professor Scheme (2025)
- FAI Golden Jubilee Award (2020) for excellence in plant nutrition
- Gene Stewardship Team Award — Borlaug Rust Initiative (2018)
- Honoured by the Indian Society of Genetics & Plant Breeding (2017)
 - ◆ For the highest number of landmark varieties among all SAUs and ICAR institutes
- Icons of Modern India — adjudged by India Today Special Issue (70 years of Independence), 2017
- First Agricultural University of the Year Award (2011)
 - ◆ First SAU to receive this award
- Mahindra & Mahindra Krishi Shiksha Samman (2011)
 - ◆ First SAU to receive this award

- International Potash Institute–Fertilizer Association of India (IPI–FAI) Award (2010)
 - ◆ First SAU to receive this award
- ICAR Best Institution Award (1995)
 - ◆ First SAU to receive this award from the Indian Council of Agricultural Research

CHAPTER III

Infrastructure and Support Facilities

The main campus of Punjab Agricultural University is spread over an area of 1222 acres (Colleges and Residential 531 acres and Research Farms 691 acres). The administrative building Thapar Hall has been named after the founder Vice Chancellor of the University, Dr P N Thapar.

College Buildings

Each constituent college has its own double/triple storeyed buildings, housing various departments. College of Agriculture, being the largest, has many additional buildings viz. PG building (Lal Singh Labs and Labh Singh Labs), Soil Science (Dr N S Randhawa building), Food Science & Technology, Agronomy and Biotechnology (Dr Gurdev S Khush Labs).

Classrooms and Laboratories

Each college is provided with sufficient number of classrooms, teaching and research laboratories, seminar rooms, committee rooms and computer rooms.

AR/VR Laboratory

Augmented Reality (AR) and Virtual Reality Lab (VR) has been established in the department with support from ICAR under the NAHEP programme. VR headsets have been provided by the ICAR. Modules of Tractor simulation, hydroponics and protected cultivation technologies, fish anatomy, advanced irrigation methods and technologies, Nematology - Study of nematodes, assisted reproductive technologies (OPU-IVF and cloning) in dairy animals etc. are provided.

Smart Class Rooms

In addition to well furnished classrooms, there are sufficient number of state-of-the-art smart classrooms in each college, equipped with LCD projector, computer with power back-up, interactive board, internet connectivity and recording facilities. Facilities are available for video-conferencing in College of Agriculture, College of Agricultural Engineering & Technology, College of Basic Sciences & Humanities, College of Community Science and College of Horticulture & Forestry.

Auditoria

The University has several auditoria of varying capacities suited for different kinds of uses. Each auditorium is equipped with latest audio-visual equipment and fitted with comfortable seating arrangement. Except the Open Air Theatre, all auditoria are air-conditioned with proper stage, light and sound arrangements.

Name of Auditorium	Location	Seating Capacity
Dr Manmohan Singh Auditorium	Near PAU Golden Jubilee Gate No. 1	1052
Dr B P Pal Auditorium	College of Agriculture	617
Dr N E Borlaug Auditorium	Department of Economics & Sociology	190
Dr C M Jacob Hall	College of Agril. Engg. & Technology	200
Library Auditorium	Mohinder Singh Randhawa Library	70
Shaheed Bhagat Singh Auditorium	Students' Home	110
Dr A S Khehra Open Air Theatre	Kisan Mela Ground	4000
Dr Khem Singh Gill Farmers' Service Centre	Directorate of Extension Education	100
Dr Kulwant Singh Virk Auditorium	School of Business Studies	64
DS Brar Symposium Hall	GS Khush Institute of Plant Breeding, Genetics and Biotechnology	120

Examination Halls

There are two Examination Halls to accommodate 1000 students, namely, Dr D S Dev Examination Hall and Dr K S Aulakh Examination Hall-cum-Lecture Theatre Complex.

Hostels

Separate hostels for girls and boys are available. All hostels have wi-fi connectivity and facilities for indoor games. Important newspapers and magazines are made available in each hostel. A separate International Hostel with special facilities is also available for foreign students.

Note: Provision of Hostel accommodation is subject to availability.

Sports and Games Facilities

The University has excellent facilities for sports and games. Amongst sports infrastructure, Astro turf Hockey Ground, Shooting Range, Cycling Velodrome and Swimming Pool stand out as landmark facilities, which are as per the specifications of International competitions. In addition to these, there are athletic tracks, courts for Lawn Tennis, Badminton, Volleyball, Handball, Basketball and grounds for Cricket and Football. The University also has a modern gymnasium facility with seating capacity of 2000, housing indoor badminton courts, table tennis, weight lifting facilities and separate gym for boys & girls, in addition to other indoor games.

University Health Centre

To meet the medical needs of students, faculty and staff of the University, there is a 12 bed health centre in the campus, equipped with a clinical laboratory, digital X-Ray facilities, and an ambulance. Emergency facilities are available round the clock.

Dr Mohinder Singh Randhawa Library

Dr. M.S. Randhawa Library is an intellectual hub of academic and research activities for all the departments, Krishi Vigyan Kendras and Regional Research Stations for dissemination of agricultural Information. It is housed in a five storey majestic building with six reading hall with Wi-Fi connectivity for 24X7 hours. The library's web page is a gateway to the latest information about its resources, rules & regulations and services of the library. It has a collection of 4,26,436 documents which includes books, theses, bound periodicals and CDs to fulfil the information needs of its members. The library is fully computerized through cloud based KOHA software, the integrated library automation software which enables working in an integrated multi-user and networked environment. The entire library collection is accessible through OPAC (Online Public Access Catalogue). Library subscribes to 12 newspapers and 13 popular magazines. Campus wide access to scholarly e-journals under One Nation One Subscription (ONOS), Government of

India initiatives is available through library webpage. A total of 30 major international publishers providing access to more than 13,000 journals covering wide spectrum of subjects have been included in ONOS database. Further Krishikosh repository which is primarily theses database provides access to 301147 documents contributed by all State Agricultural Universities and ICAR institutes. Furthermore library also provides access to 386 e-books and other databases like Indiatat.com, ISO Standards on food products to fulfil the information needs of the scientific community. The library also provides access to its digitized collection which includes theses, dissertations and PAU journals & magazines accessible through PAU Repository. One of the salient features of the library is the latest collection of competitive books like ARS, NET, UGC, GRE, IELTS, CAT, GRF etc. which is widely used by the library users.

AccelBreed: a speed breeding facility

Speed breeding under environmentally controlled chambers accelerates the breeding cycle by extending/shortening photoperiod, using different light spectra. Five to six generations can be taken in one year as compared to 1-2 in traditional system. PAU has developed a State-of-the-Art speed breeding facility with funding of Rs. 5.0 crores from Department of Biotechnology, Ministry of Science and Technology, India. This facility would be used for important crop plants such as wheat, basmati rice, brassica, pea, pigeonpea, and many other crop plants important for diversification of agriculture in Punjab.

Museums and Art Gallery

Museum of Social History and Rural Life of Punjab: It is a unique museum built on the PAU campus in 1974 which reflects the university's involvement with state folklore and mirrors village life. The museum displays the old agricultural implements and tools used to decorate draught animals. It is also a repository of cultural ethos and traditions, kitchenware, persian wheel, free-time vocations that engage the women; and depicts typical real-life situations of rural Punjab. It is an attraction for people from various profiles of society, especially, students, non-resident Indians, etc.

Dr H L Uppal Museum of Water and Power Resources of Northern India: The museum was built in 1986 under the supervision of renowned hydrologist Dr H L Uppal. Its model shows the land, water and power resources of Northern India and parts of Pakistan.

Soils Museum: Soils Museum, located in the Department of Soil Science, is one of its kinds in Northern India, depicting detailed information based upon research carried out at PAU about the soil resources of Punjab.

Dr Mohinder Singh Randhawa Art Gallery: This air-conditioned art gallery was established at PAU to house exhibitions of paintings, photographs, sculptures, etc. It is amongst the best art galleries in the state.

Museum of History of Agriculture: Museum of History of Agriculture is located in Mohinder Singh Randhawa Library. A number of oil paintings depicting the evolution of life and history of agriculture prepared by renowned artist Sardar Jaswant Singh are displayed in the museum.

Museum of Natural History: The museum located in the Department of Zoology, showcases the evolution, distribution, anatomy and functional organization of the representative fauna of animal kingdom, through specimens, models and wall mountings.

Apiculture Gallery: The Gallery located at PAU's *Apis mullifera* apiary depicts the pioneering role of PAU in successful introduction, multiplication and release of *A. mellifera* in India. Besides, it showcases indigenously developed high-end technologies towards enhancing hive productivity, including adoption of apicultural diversification.

Museum and Art Gallery

National Insect Collection Museum: National PAU Insect Museum is established in the Department of Entomology. The main infrastructural facilities include Insect Storage mobile rack system, insect storage cabinets, Leica stereo zoom microscopes with accessories, Nikon digital camera with zoom lens. About 22,000 specimens collected from North-west India and 57,300 specimens of different insect orders are housed in the Museum. In addition, to bio systematic studies under human resources development, Scientists/Research Fellows/ Students of various SAUs have been trained in different techniques of insect taxonomy.

Farm Machinery Museum

The Farm Machinery Museum at the Department of Farm Machinery and Power Engineering, Punjab Agricultural University in Ludhiana, stands as a testament to the rich history and evolution of agricultural technology. This unique museum shows how farm machines have changed over the years, telling the story of their development and the important improvements that have taken place over the years. Visitors to the museum are taken on a fascinating journey through time, exploring the evolution of plows, cultivators, harvesters, tractors, and other farming equipment. The Farm Machinery Museum at Punjab Agricultural University serves as an educational hub, inspiring future generations to appreciate the importance of technological innovations in sustainable farming practices.

CHAPTER IV

MoUs with different Universities

A number of Memoranda of Understanding have been signed with the national and international organisations for the mutual interaction in teaching, research and other academic activities. Some of the important MoUs are listed below:

International

Sr. No.	University/Organisation/Institute	Purpose
1.	Ohio State University, Columbus, USA	-Exchange of Scientists and Technologists. - Exchange of scientific literature, information and methodology.
2.	San Jose State University, California, USA	-The exchange of professors, students, scientists and research personnel for the purpose of teaching, research and program development.
3.	University of Leicester, UK	-To explore opportunities for higher education links with PAU.
4.	University Venda for Science & Technology, South Africa (Limpopo Province)	-Faculty & Student exchange programmes
5.	The Research Institute of Organic Agriculture (FiBL), Switzerland	-Exchange of scientists & technologists. -Exchange of scientific literature, information & methodology.
6.	Agricultural Research Organization, Volcani Centre, Israel	-Exchange of scientists -Exchange of scientific literature, information and methodology
7.	University Zambeze (Mozambique)	-Faculty & student exchange programmes.

National

Sr. No.	University/Organisation/Institute	Purpose
1.	Dayanand Medical College & Hospital, Ludhiana	-To promote interdisciplinary research in food, nutrition and health. -To promote PG research activity in the collaborative work. -To promote research in the area of environment and other social areas.
2.	Sardar Swaran Singh National Institute of Bio-Energy, Kapurthala	-Student exchange between PAU and SSS NIBE. -Exchange of knowledge in the mutual areas of interest such as industrial fermentation, ethanol production from biomass, biomass management, thermal conversion of biomass, bio-gas, biochar etc.
3.	Thapar Institute of Engineering & Technology, Patiala	-Exchange of scientists, technology and students -Development and implementation of collaborative re-teach education and extension projects in the identified areas and methodology to be used as mutually agreed upon
4.	Birla Institute of Technology & Science Pilani, Rajasthan	-Exchange of scientists, technologists and students -Exchange of scientific literature, information and methodology -Development and implementation of collaborative teaching/academic programmes.
5.	National Institute of Hydrology, Roorkee	-Exchange of scientists, technologists and students -Exchange of scientific literature, information and methodology -Exchange of scientific equipment as available and required in the programme of common interest as may be mutually agreed upon.
6.	CSK Himachal Pradesh Krishi Vishwavidyalaya, Palampur (HP)	-To promote and enhance scientific and academic interaction in mutually beneficial areas.
7.	ICAR-Central Institute for Cotton Research, Nagpur	-Promotion of inter-institutional research collaboration, staff and students' Training/ Postgraduate research.
8.	Punjab Remote Sensing Centre, Ludhiana	-To continue a collaborative M.Tech programme in Remote Sensing & GIS with their responsibilities.
9.	Punjab & Sind Bank	-To demonstrate how advanced farming techniques contribute in resource conservation and reducing adverse impact on environment.

CHAPTER V

Constituent Colleges and Institutes of PAU

The University provides Undergraduate and Postgraduate education through its six constituent Colleges and two Institutes

- College of Agriculture, Ludhiana
 - ◆ Institute of Agriculture, Bathinda
 - ◆ Institute of Agriculture, Gurdaspur
- PAU College of Agriculture, Ballawal Saunkhri
- College of Horticulture & Forestry, Ludhiana
- College of Agricultural Engineering & Technology, Ludhiana
- College of Basic Sciences & Humanities, Ludhiana
- College of Community Science, Ludhiana

College of Agriculture

College of Agriculture is the oldest and the largest of the six constituent colleges of Punjab Agricultural University. Its roots can be traced back to Lyallpur (now Faisalabad) in Pakistan, where it was established as Punjab Agricultural College and Research Institute in 1906 and is today a premier agriculture institution. Initially, a three year diploma, 'Licentiate in Agriculture', was started. It was followed by a four-year course leading to B.Sc. Agriculture degree.

Post-partition, this College was established at its present site in July 1957, after a brief abode at Amritsar and in a rented school building at Ludhiana. The students enrolled in the College of Agriculture were registered with the Panjab University, Chandigarh, till the time PAU came into being in 1962. Over the decades, the College has grown and developed under the leadership of 18 Deans.

Institutes of Agriculture

The PAU is running B.Sc. (Hons) Agri. 2+4 year degree programme under the College of Agriculture at the Institute of Agriculture, Bathinda and Institute of Agriculture, Gurdaspur with admission capacity of 60 each. After passing the first two years of the degree programme at these institutes, the students join their 3rd year of B.Sc. (Hons) Agri. along with 1st year students of B.Sc. (Hons) Agri. 4-year degree programme at the College of Agriculture, Ludhiana.

Departments/Schools

- Agronomy
- Climate Change & Agricultural Meteorology
- Entomology
- Extension Education
- Food Science & Technology
- Plant Breeding & Genetics
- Plant Pathology
- Soil Science
- School of Agricultural Biotechnology
- School of Organic and Natural Farming

Faculty and Infrastructure

The College has highly qualified and competent faculty of 243 members:

• Professors	97
• Associate Professors	36
• Assistant Professors	110

The College has excellent teaching and research infrastructure for its students. There are 15 Smart Classrooms with audio visual facilities like interactive boards, high-resolution LCD projectors, opaque projectors and touch screen podia, 23 class rooms and three computer labs equipped with presentation facilities. The College has 117 laboratories to provide practical skills and training to the students. Besides, the college has a number of 13 well-equipped Experiential Learning Units for entrepreneurship development among the students with the motto of making the graduates job providers rather than job seekers.

Mission

The College is committed to excellence in teaching, research and extension, provide quality education, undertake basic, applied and adaptive research to evolve suitable agricultural production and protection, cost-effective technologies and acts as a catalyst for the growth of agro-based industries in Punjab.

Academic Programmes and Job Avenues

The College offers four undergraduate degree programmes viz., B.Sc. (Hons) Agriculture 4-year, B.Sc. (Hons) Agriculture 2+4 year, B.Tech. (Biotechnology) 4-year and B. Tech. (Food Technology) 4-year.

The College also offers M.Sc. and Ph.D. programmes in various disciplines (Details in Chapter VI & VII). Job avenues for agricultural graduates exist in Banking Sector, Seed Production Companies, Agrochemical Industry, Food Processing Industry, Biotechnological Laboratories, etc. The graduates can also get employment as Agricultural Development Officers and Soil Conservation Officers with State Departments of Agriculture, Horticulture, Soil & Water Conservation and in various autonomous bodies like IFFCO, KRIBHCO and Markfed. They can be successful entrepreneurs. The students with interest in academics can go for higher studies (M.Sc. and Ph.D.) in India and abroad.

PAU College of Agriculture, Ballawal Saunkhri

PAU College of Agriculture, Ballawal Saunkhri located at Ballawal Saunkhri, Near Balachaur, District SBS Nagar, Punjab, is the youngest college of the six constituent colleges of Punjab Agricultural University. The sprawling campus is situated in the Shivalik Foothills and offers an excellent academic atmosphere. This College offers B.Sc. (Hons) Agri. 4-year degree programme.

Faculty and Infrastructure

The College has highly qualified and competent faculty with excellent teaching and research infrastructure for its students. Classrooms with

audio-visual facilities, computer labs equipped with internet facilities, laboratories to provide practical skills and training to the students and library with latest e-resources are available. The College has Experiential Learning Units for entrepreneurship development of the students. Excellent hostel facility for boys and girls with power back-up and outdoor and indoor sports facilities are also available.

Mission

The college is committed to impart world class higher education in agricultural sciences to the youth in order to expand quality human resources in agriculture leading to holistic development of Punjab and specifically the Kandi region of Punjab.

Academic Programmes and Job Avenues

The College offers undergraduate degree programme, namely, B.Sc. (Hons) Agriculture 4-year. The graduates can get employment as Agricultural Development Officers and Soil Conservation Officers with State Departments of Agriculture, Horticulture, Soil & Water Conservation and in various autonomous bodies like IFFCO, KRIBHCO, MarkFed as well as banking sector, Agro-Industries and Seed production Companies etc. They can be successful entrepreneurs. The students with interest in academics can go for higher studies (M.Sc. and Ph.D.) in India and abroad.

College of Horticulture & Forestry

Horticulture and Forestry are of increasing significance in the largely field crop based agriculture in the state. Fruits and vegetables are a rich source of nutrition, can provide much needed crop diversification and enhanced employment through processing and value addition. Forestry and floriculture represent environmental and aesthetic aspects, besides being of economic importance. The College of Horticulture & Forestry aims to strengthen teaching and research in all these areas. The quality human resource produced will in turn drive rapid developments in this sector.

Departments

- Fruit Science
- Vegetable Science
- Floriculture and Landscaping
- Forestry and Natural Resources

These key departments of the college perform their activities in close collaboration with faculty members working in Schools of Agricultural Biotechnology, Organic Farming and Departments of Plant Breeding & Genetics, Food Science & Technology, Foods & Nutrition, Processing & Food Engineering, Soil Science, Climate Change & Agricultural Meteorology, Soil & Water Engineering, Plant Pathology, Entomology, Botany, Biochemistry and Chemistry.

Faculty and Infrastructure

The college has highly qualified and competent faculty of 73 members:

• Professors	32
• Associate Professors	07
• Assistant Professors	34

The College has excellent teaching and research infrastructure for its students. Classrooms are well equipped with latest audio visual aids such as LCD projectors. The college has 13 laboratories to provide practical skill and training to the students. Besides, the college has well established orchard/vegetable farm/ floriculture and landscaping area/ forest plantations within the campus for practical exposure to the UG students. Academic excellence and infrastructural facilities exist for carrying out world class research in basic and applied areas of Horticulture and Forestry.

Mission

Imparting and generating knowledge and advanced technologies in the fields of Horticulture and Forestry for meeting environmental, economic and health needs of the state, region and country.

Academic Programmes and Job Avenues

The College offers Undergraduate degree programme, namely, B.Sc. (Hons) Horticulture-4-year and Postgraduate (M.Sc. & Ph.D.) programmes in various disciplines (details in chapter VI & VII) . The job avenues for graduates include employment in state/ central department and institutes of Horticulture, Urban Corporations and Development Authorities, Banking sector, seed/ fertilizer companies, Food Processing industry and autonomous bodies such as Markfed/ Punsup and private sector. The graduates can work as landscape consultants and become successful entrepreneurs. The graduates with interest in academics can go for higher studies (M.Sc. and Ph.D.) in India and abroad.

College of Agricultural Engineering & Technology

College of Agricultural Engineering & Technology (formerly the College of Agricultural Engineering) was established in 1964 to impart education and carry out research and extension activities relating to agriculture sector.

The College is equipped with State-of-the-Art laboratories, workshops and a computer centre. The college provides support to the computer network of the University.

The College deals in problem oriented research and acts as a link between the farmers and industry. This is evident from its contributions to the mechanization of agriculture, management of soil and water, post-harvest technologies and use of renewable energy sources.

Departments

- Civil Engineering
- Electrical Engineering & Information Technology
- Farm Machinery & Power Engineering
- Mechanical Engineering
- Processing & Food Engineering
- Renewable Energy Engineering
- School of Digital Innovations for Smart Agriculture
- Soil & Water Engineering

Faculty and Infrastructure

The College has highly qualified and competent faculty of 77 members:

- | | |
|------------------------|----|
| • Professors | 33 |
| • Associate Professors | 10 |
| • Assistant Professors | 34 |

The College has professional collaborations with leading industrial organizations such as New Holland India, Tractor and Farm Equipment (TAFE), CLAAS India, Mahindra & Mahindra, Escorts Limited, Jain Irrigation Systems Limited and John Deere, NuTech Engineers.

Mission

The College is committed to cut down the drudgery of farmers through mechanization of agriculture and increase farm production through conservation and management of natural resources.

The College strives to pursue research on machines and technologies for post-harvest product processing operations and disseminate knowledge on new machines and technologies through field trials and demonstrations.

Academic Programmes and Job Avenues

The College offers B.Tech. (Agricultural Engineering) 4-year programme. Besides, it offers M.Tech., MCA and Ph.D. programmes in various disciplines (details in Chapter VI & VII). With the emerging growth opportunities in Food and Farm sector, the Agricultural Engineers get placements in industries such as tractor and farm machinery, food processing, irrigation and auto sector organizations. The leading organizations such as John Deere, Mahindra & Mahindra, TAFE, Case New Holland, CLAAS, Sonalika, Kirlosker, Greaves Cotton, Cremica, Nestle, Jain Irrigation, Amul India, Escorts Kubota Ltd., Trident Group etc. recruit agricultural engineers as per their needs. Agricultural engineers have promising job opportunities in government/public sector organizations like Department of Agriculture & Farmers' Welfare, Soil and Water Conservation, Rural Development, Indian Forest Services and Banking Sector. The students having interest in academics can go for higher studies [M.Tech./M.S/MBA] in India and abroad.

College of Basic Sciences & Humanities

The College of Basic Sciences and Humanities was established in October 1965 with an aim to provide a strong basic science foundation to

agricultural research. The College, since its inception, has been striving to be a centre of excellence for advanced studies in its various academic disciplines. The inter-relationship between the basic sciences and the applied sciences has added a new vigour to agricultural education. Today's basic science is tomorrow's applied science. Similarly, studies on various facets of socio-economic life of rural population and development of entrepreneurial skills are important to promote a balanced economic growth.

Departments/School

- Agricultural Journalism, Languages & Culture
- Biochemistry
- Botany
- Chemistry
- Economics & Sociology
- Mathematics, Statistics & Physics
- Microbiology
- Zoology
- School of Business Studies

Faculty and Infrastructure

The College has a highly qualified and competent faculty of 110 members:

- Professors 43
- Associate Professors 12
- Assistant Professors 55

The College has excellent teaching and research facilities. Notable amongst these are Molecular Biology Lab., Digital Language Lab., Central Instrumentation Lab., Central Computer Lab,

and an Experiential Learning Unit on Mushroom production.

Mission

To provide scientific base for proper understanding and appreciation of the applied agriculture and its allied sciences.

To promote inter-disciplinary resident instructions encompassing teaching, research and extension.

Academic Programmes and Job Avenues

The College offers an undergraduate degree programme in Agribusiness Management and 5-year Integrated M.Sc. (Hons) programme in Biochemistry, Botany, Chemistry, Microbiology, Physics and Zoology. It has also offers Masters and Doctorate programmes in various disciplines of Basic Sciences and Humanities (details in chapter VI & VII). Masters' programmes in Basic Sciences include M.Sc. in Biochemistry, Botany, Chemistry, Microbiology, Mathematics, Physics, Agricultural Statistics and Zoology. The college also offers M.Sc. degrees in Agricultural Economics, Sociology in addition to MBA, MBA in Agri-Business Management and Master's in Journalism & Mass Communication. The college runs the courses as per NEP 2020. Besides this, one diploma in French Language and One Certificate Course in French Language are offered by the College. Job opportunities for the postgraduates in Basic Sciences and Humanities exist in large number of research and academic institutes corporate companies, laboratories, hospitals etc.

College of Community Science

The College of Community Science, formerly known as College of Home Science was established in July, 1966 to cater to the need of empowering rural and urban women to contribute to family economy and improve their quality of life. The academic structure of the college was crafted by the two USAID experts in Home Science, Dr Edna

R Kaufman and Dr Maria S Friesen.

The founders of the discipline had realized early on about the dynamic role and contribution of women in sustainable development and well being of individuals, homes, families and the society as a whole.

As an interdisciplinary field, it focuses on integrating relevant concepts from physical, biological, social, behavioural, agricultural and environmental sciences, encompassing essential elements for enriching individual, family and community life. It basically equips students/learners with scientific knowledge and skills needed to solve real life problems, develop entrepreneurial aptitude and ensure employability.

Departments

- Apparel & Textile Science
- Extension Education & Communication Management
- Food & Nutrition
- Human Development & Family Studies
- Resource Management & Consumer Science

Faculty and Infrastructure

The College has a highly qualified and competent faculty of 32 members:

- Professors 14
- Associate Professors 03
- Assistant Professors 15

The College has the best-equipped State-of-the-Art laboratories like Baking Lab, Psychological

Testing Lab., Interior Space Designing Lab., Child Care Providers' Training Lab., Computer Aided Design Lab., Garment Construction Lab., Institutional Management Lab. and Human Resource Development Lab. The College also has four Experiential Learning Units, one each on Apparel Manufacturing, Bakery and Confectionery, Artistic Creations and Child Care Providers' Training. The College also runs three early childhood care and education programmes viz. Laboratory Day Care Centre, Laboratory Nursery School and After School Care Programme.

Mission

College of Community Science is committed to excellence, innovation and effectiveness in teaching, research and extension to improve the quality of life of families and empower women.

Academic Programmes & Job Avenues

The College offers three Undergraduate degree programmes viz. B.Sc. (Hons) Community Science 4-year, B.Sc. (Hons) Food Nutrition & Dietetics 4-year, B.Sc. (Hons) Fashion Designing 4-year and two Certificate Courses in 'Early Childhood Care & Education' and 'Interior Design & Decoration' having one year duration each.

The College also offers M.Sc. and Ph.D. programmes in all the disciplines of Community Science (details in Chapter VI and VII). The Community Science/Food Nutrition & Dietetics/Fashion Designing graduates can go in for B.Ed., MBA or M.Sc. in the field of their interest. They can start their own entrepreneurial ventures in bakery, confectionery, art and craft, dress designing, nursery school, creche, interior designing etc. The students can get job placements as dieticians with hospitals or health clinics, counsellors with schools, colleges, hospitals or senior citizen homes, designers with hosiery and textile industries, interior designers with architects and development specialists functionaries with government organizations and non-government organizations. They can also be absorbed in any teaching, research or extension jobs.

Regulations for NRI/OCI candidates

1. The admission of NRI/OCI or their children/wards shall be made in the following programmes:
 - (i) B.Sc. (Hons) Agriculture 4-year
 - (ii) B.Sc. (Hons) Horticulture 4-year
 - (iii) B.Tech. (Agril Engg) 4-year
 - (iv) B.Sc. (Hons) Community Science 4-year
 - (v) MBA
 - (vi) MBA (Agri-Business Management)
 - (vii) M.Sc. / M.Tech

The admission under this category will be given only to NRIs/OCI or their children/wards (in the wake of Honourable Supreme Court Judgement for Appeal (Civil) 5041 of 2005). The eligibility requirements for these programmes is the same as for general candidates. They are required to submit a copy of their certificate/transcript/marks sheet duly verified and certified by the Indian Embassy/High Commission in that country, stating that such examination is equivalent to the qualifying examination of Indian Universities. Alternatively, they may submit an application for obtaining the requisite equivalence certificate from the Registrar, PAU, by paying a fee of US\$ 500 (non-refundable) through a Bank Draft in favour of Comptroller, PAU, payable at any scheduled Bank at Ludhiana. An NRI/OCI candidate who has cleared 10+2 examination from any recognized Indian School Board/University shall have to deposit the requisite processing fee of US\$ 500/- or equivalent in Indian currency through Bank Draft favouring Comptroller, PAU, payable at any scheduled Bank at Ludhiana.

2. The admission of NRIs/OCI for the above programmes are primarily restricted to candidates having ancestral background in Punjab, provided they fulfill other conditions. However, in the event of vacant seats after adjusting them, other NRI/OCI candidates will be considered.
3. The NRI/OCI candidates educated and residing abroad seeking admission to various undergraduate programmes in PAU may be considered for admission without appearing in the Entrance Test of the

university, provided they have passed 12th standard level examination with 50% marks in aggregate in the subjects of Physics, Chemistry, Biology/Mathematics and English, subject to verification of its equivalence with the 10+2 examination (Medical/Non-Medical Group) of the Punjab School Education Board by an appropriate authority. The NRI/OCI candidates educated and residing abroad seeking admission to various Masters' programmes/MBA Agri-Business Management in PAU may be considered for admission without appearing in the Entrance Test of the University, provided they fulfil other prescribed qualifications.

4. The tuition fee (non-refundable) shall be payable by Bank Draft in US Dollars or any other currency acceptable by nationalised banks in India issued against the bank account in the account of NRI/OCI in the country in which he/she is residing or in the shape of bank draft in equivalent Indian currency issued against NRI/OCI account of the NRI/OCI maintained in India. In the latter case, the candidate is required to submit a certificate from the bank that the draft has been issued against the NRI account maintained by the NRI/OCI. The Bank Draft should be drawn in favour of the Comptroller, PAU, Ludhiana, payable at State Bank of India, PAU, Ludhiana or any scheduled Bank at Ludhiana, India. The hostel dues and other fee and funds as applicable will be charged in addition to admission fee as per University rules.
5. The candidates are required to produce a photo copy of citizenship certificate and passport duly attested by the Magistrate or Notary Public.

CHAPTER XV

Interconversion of OGPA/OCPA and Aggregate Percentage

The following formulae have been adopted by the University to determine the equivalence of each grade point average from 1 to 4/overall credit point average from 1 to 10 under the semester system in terms of the percentage of marks awarded under the traditional system of examination.

- **For conversion of Overall Credit Point Average (OCPA) into percentage of marks :**

$$Y = 10 Z$$

Where Y = Percentage of marks in the traditional system.

Z = Overall Credit Point Average (OCPA) in 10.00 point system of evaluation

- For conversion of Overall Grade Point average (OGPA) into OCPA :

For Undergraduate programmes

$$Z = (50-10X+5X^2)/10$$

Where Z = OCPA in 10.00 point system of evaluation.

X = OGPA (maximum = 4.00) in the letter grade system of evaluation.

For Postgraduate Programmes

$$Z = (25X-15)/10$$

Where Z = OCPA in 10.00 point system of evaluation.

X = OGPA (maximum = 4.00) in the letter grade system of evaluation.

Note : OCPA is out of 10.00 & OGPA is out of 4.00 wherever mentioned in Prospectus, unless otherwise specified.

Criteria for Award of First and Second Division

On the successful completion of the programme, the student is classified into First and Second division as follows:

Programme	Pass marks	1st Div. (OCPA)	2nd Div. (OCPA)
Postgraduate Level	6.50/10.00	7.00 & above out of 10.00	6.50 to 6.99 out of 10.00
Undergraduate Level	5.50/10.00	6.00 & above out of 10.00	5.50 to 5.99 out of 10.00

CHAPTER XVI

National Sports Organization, National Cadet Corps and National Service Scheme

Every student of bachelor's degree course is required to opt any one programme among the three namely; National Sports Organization (NSO), National Cadet Corps (NCC) and National Service Scheme (NSS) subject to the condition that NSO will be restricted to only those students who show marked proficiency in sports. This is a mandatory creditable course (0+1) for all undergraduate programmes and the students have to register NSO-I/ NCC-I/ NSS-I during their 1st semester and NSO-II/NCC-II/NSS-II in their second semester of their degree programme.

CHAPTER XVII

Instructions/Regulations Regarding Ragging

(According to the Supreme Court judgement in SLP by Vishwa Jagriti Mission in 2001)

Ragging is “Any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness any other student, indulging in rowdy or undisciplined activities which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student or asking the students to do any act or perform something which such student will not in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student.”

However, according to Raghavan Committee observations, ragging has several aspects with among other psychological, social, political, economic, cultural and academic dimensions.

- Any act that prevents, disrupts or disturbs the regular academic activity of a student should be considered within the academics related aspect of ragging; similarly, exploiting the services of a junior student for completing the academic tasks assigned to an individual or a group of seniors is also an aspect of academics related ragging prevalent in many institutions.
- Any act of financial extortion or forceful expenditure burden put on a junior student by senior students should be considered an aspect of ragging for ragging with economic dimensions.
- Any act of physical abuse including all variants of it : sexual abuse, homosexual assaults, stripping, forcing obscene and lewd acts, gestures, causing bodily harm or any other danger to health or person can be put in the category of ragging with criminal dimensions.
- Any act or abuse by spoken words, e-mails, snail-mails, public insults should be considered within

the psychological aspects of ragging. This aspect would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to others; the absence of preparing ‘freshers’ in the run up to their admission to higher education and life in hostels also can be ascribed as a psychological aspect of ragging - coping skills in interaction with seniors or strangers can be imparted by parents as well. Any act that affects the mental health and self confidence of students also can be described in terms of the psychological aspect of ragging.

- The human rights perspective of ragging involves the injury caused to the fundamental right to human dignity through humiliation heaped on junior students by seniors; often resulting in the extreme step of suicide by the victims.

Instructions/regulations

- Ragging is not an ice-breaker for the fresher and not a harmless fun, but cuts deep into the mental health of the ragged.
- Ragging in educational institutions is neither a means of familiarization nor an introduction with ‘freshers’, but a form of psychopathic behaviour and a reflection of deviant personalities, which reproduces the entrenched power configurations prevalent in the civil society.
- Migration certificate of students should mention whether any punishment had been meted out for ragging in the previous institution.
- An annual undertaking to be signed by each student whether fresher or senior, and his/her parent(s) jointly stating that each of them have read the relevant instructions/regulations against ragging as well as punishments, and that if the ward has been found guilty, he/she should be proceeded against.

- Undertaking should be provided in English as well as in the vernacular language.
- The burden of proof will lie on the perpetrator and not on the victim to prove that ragging did not take place.
- Punishment to be meted out will be exemplary and justifiably harsh.

Ragging Menace

- "Ragging is a disturbing reality in the higher education system of our country. Despite the fact that over the years, ragging has claimed hundreds of innocent lives and has ruined the careers of thousands of bright students, the practice is still perceived by many as a way of 'familiarisation' and an 'initiation into the real world' for young college-going students.
- Ragging is defined as any disorderly conduct, whether by words spoken or written or by an act, has the effect of teasing, treating, or handling with rudeness a fresher or a junior student. Indulging in a rowdy or undisciplined activity that causes or is likely to cause annoyance, hardship, or psychological harm or to raise fear or apprehension thereof in a fresher or junior student. Asking the students to do any act or perform something that such students will not do in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or junior student. This can lead to adverse effects such as depression, anxiety, and sometimes even suicide.

Punishments

Any student or group of students found guilty of ragging on-campus or off-campus shall be liable to one or more of the following punishments.

- Debarring from appearing in any sessional test/ university examination or withholding results
- Suspension from attending classes and academic privileges
- Withdrawing scholarships and other benefits.
- Suspension from the college for a period of one month
- Cancellation of admission
- Debarring from representing the institution in any national or international meet, tournament, youth festival, etc
- Suspension/expulsion from the hostel
- Rustication from the institution for periods varying from 1 to 4 semesters or equivalent period
- Expulsion from the institution and consequent debarring from admission to any other institution
- Fine upto twenty five thousand rupees
- Imprisonment for a term which may extend to two years or with fine which may extend to ten thousand rupees or with both
- Collective punishment - When the students committing or abetting the crime of ragging are not identified, the institution shall resort to collective punishment as a deterrent to ensure community pressure on the potential raggers.
